Municipal Mayor
Date Signed: **DEC 12 2025**

Republic of the Philippines
Province of La Union
MUNICIPALITY OF AGOO

OFFICE OF THE SANGGUNIANG BAYAN

Section 9.3. All piggery farms must use such diet for their animals that minimizes foul odor in their waste and discharge.

Section 9.4. For backyard piggery farming, the animals shall be limited to one (1) sow and ten (10) heads. Any volume or population more than the prescribed number of heads shall be considered as commercial farming.

Section 9.5. Existing small, medium and large-scale piggery farm that are non-conforming use shall not be allowed to expand and may continue their operations provided:

- That such non-conforming use shall be enlarged or expanded to occupy greater area of land than that already occupied by such use or moved in whole or in part, to any other portion of lot or parcel where such non-conforming use exists.
- That no such non-conforming use which has ceased operation for more than one (1) year be again revived as non-conforming.
- That an idle/vacant structure may not be used for non-conforming activity.
- That should such structure be moved for any reason to whatever distance, it shall thereafter conform to the regulation of the Municipality in which it is moved or relocated.

Proposed medium and large-scale piggery farms shall not be allowed in urban areas.

SECTION 10. FEES AND CHARGES. All individuals/juridical persons intending to establish, put up and operate piggery in the Municipality of Agoo, La Union as well as existing piggery farms which intend to expand its farms shall pay the fees required in accordance to the Local Tax Code of the Municipality and Barangay Resolution of the concerned Barangay.
All applicable inspection and permit fees shall be paid to the Municipal Treasurer's Office.

SECTION 11. PENAL CLAUSE. Violators shall be fined:

First Offense	: Php 1,000.00
Second Offense	: Php 1,500.00
Third Offense	:Php 2,500.00 and/or closure of the animal farm or imprisonment not exceeding six (6) months, at the discretion of the Court

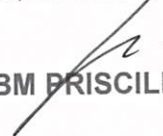

SECTION 12. SEPARABILITY CLAUSE. If any part of this Ordinance is declared invalid, the remaining provisions shall remain in full force and effect.

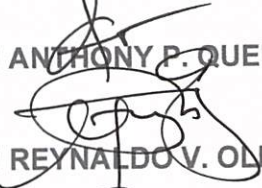

SECTION 13. REPEALING CLAUSE. All ordinances inconsistent herewith are hereby repealed or modified accordingly.

SECTION 14. EFFECTIVITY CLAUSE. This Ordinance shall take effect after compliance with the publication and posting requirements prescribed under Section 59 of the Local Government Code of 1991 (Republic Act No. 7160) and other applicable laws.

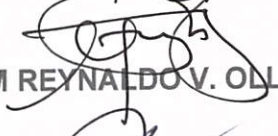

ENACTED: This 1st day of December 2025 at Agoo, La Union.

OFFICE OF THE SANGGUNIANG BAYAN

- d) A buffer zone of at least five (5) meters in width shall be maintained along the boundaries of the site, planted with trees or shrubs to serve as a natural barrier against odor, flies, and noise.

3. Layout Plan Requirements:

- a) The layout plan shall clearly indicate the buffer zone boundaries, location of pens, waste disposal areas, drainage systems, and other related structures to ensure compliance with zoning and environmental regulations.
- b) The layout plan shall also clearly delineate the buffer zone, showing the distance from nearby structures, pens, drainage, and waste treatment areas.

Section 8.3. Building Orientation and Layout Standards.

1. The position of piggery buildings shall be oriented in relation to wind direction and sunlight:
- o The long axis of the building shall be laid in an east-west direction to minimize heat absorption.
 - o Buildings with double pens shall be aligned in a north-south direction to ensure adequate sunlight and ventilation for all pens.
2. Space requirements for animals shall conform to the standards recommended by the Bureau of Animal Industry (BAI):

Type of Animal	Space Requirement per Head
Sow	1.86 – 2.79 sq. m
Boar	2.32 – 3.25 sq. m
Fattening hog (100–200 lbs)	1.12 – 1.86 sq. m

3. Partition walls and pen divisions shall be constructed with durable, washable materials and shall have a minimum height of one (1) meter to ensure ventilation and easy maintenance.

Section 8.4. Facility and Sanitation Requirements.

1. Adequate feed and water troughs shall be provided; water supply shall be clean, and overflow must be avoided to keep pens dry.
2. Storage areas or warehouses for feeds and farm supplies shall be kept dry and well-ventilated.
3. A standard septic tank or biogas digester shall be installed for animal waste management, subject to approval by the Municipal Sanitary Engineer.
4. All structures shall comply with the National Building Code and local building regulations to ensure durability, sanitation, and animal welfare.

Section 8.5. Environmental and Health Protection Measures.

1. A waste disposal and treatment system shall be installed to prevent discharge of untreated effluents into waterways, canals, or open lands.
2. Odor, noise, and fly control measures shall be always implemented.
3. A vegetative buffer and tree planting within and around the site shall be maintained as part of the environmental safeguard measures.

Section 8.6. Compliance and Monitoring. The Municipal Planning and Development Office (MPDO) and Municipal Engineering Office (MEO), in coordination with the Municipal Health Office (MHO), the Municipal Environment and Natural Resources Office (MENRO), and the Municipal Agriculture Office (MAO), shall monitor and ensure strict compliance with these design standards prior to and during operation.

SECTION 9. REGULATED ACTS.

Section 9.1. Existing piggery farms shall be obligated to use chemical control of flies and its larvae to minimize source of pollutants.

Section 9.2. It shall be unlawful to directly discharge animal wastes in any irrigation canal, river or riverbanks, any body of water and to any idle lands.

OFFICE OF THE SANGGUNIANG BAYAN

Section 7.3. All plans, designs, specifications and special features of proposed piggery farm buildings should be submitted to the Municipal Engineer for review and approval prior to the issuance of business permit. The applicable provisions of this Ordinance pertaining to such standards and guidelines herein provided for shall form part of the requirements in the issuance of a building permit and business permit.

Section 7.4. All piggeries, whether backyard or commercial, are required to register their farms with the Municipal Agriculture Office and Barangay where they are located as hog raisers.

Section 7.5. The fees payable on applications for permits and registration and upon the issuance/renewal thereof shall be in the amount imposed by this Local Tax Code of the Municipality of Agoo and Barangay Resolution concerned.

Section 7.6. The Municipal Livestock Inspector and the Barangay where piggery farms are located shall keep a record of all animal farms that have been issued permits and registration certificates as well as the renewal thereof which shall contain the following:

- The name and address of the holder of permit who shall be actual operator of the animal farm;
- The location of the animal farm;
- The purpose for what the permit has been issued;
- The date of the first permit issued on the date of any renewal granted;
- Every change of occupants and management of the farm since the first permit was issued;
- Conditions under which the permit was issued.

SECTION 8. STANDARDS AND REQUIREMENTS.

Section 8.1. Site Selection Criteria. All piggery farms shall conform to the following site requirements:

- The site shall be located outside urban and built-up areas and preferably within agricultural zones, as provided in the Municipality's Comprehensive Land Use Plan (CLUP).
- The site shall be on rolling or elevated terrain to allow good drainage and to prevent flooding.
- Flood-prone areas, watersheds, and other environmentally critical areas shall not be used for piggery operations.
- The soil must be well-drained and porous and shall not have a high moisture level.
- The piggery site shall be at least 25 meters away from any source of ground or surface drinking water.

Section 8.2. Distance and Buffer Zone Requirements.

- The minimum distance between piggery farms and specific land uses shall be as follows:

Category	Required Minimum Distance
From residential, commercial, institutional, and public areas	1,000 meters (for medium and large-scale)
From residential, commercial, institutional, and public areas	25 meters (for backyard)
From another medium or large-scale piggery farm	1,000 meters
From the national highway and major roads	500 meters (for medium and large-scale); 200 meters (for commercial)
From rivers, creeks, and bodies of water	25 meters minimum

2. Buffer Zone Requirements:

- All piggery farms shall maintain a minimum distance of 500 meters from residential, commercial, institutional, and public areas.
- The site shall not be located within flood-prone zones or within easements of rivers, creeks, and other water bodies.
- A buffer zone shall be established around the piggery site, consisting of vegetative cover or natural barriers to minimize odor, noise, and visual impact.

SECTION 7. REGULATORY REQUIREMENTS.

Section 7.1. Upon the effectivity of this Ordinance, the Municipal Livestock Inspector shall conduct a comprehensive census of all piggeries in the Municipality of Agoo, La Union. Such census shall list the facility owner/operator/contract grower (if on lease – contract of lease and the duration of lease), location and area of farm, number of farrows, heads, swine and hogs and an inventory of the existing farm facilities.

Section 7.2. Permit Requirements for Backyard, Medium, and Large-Scale Piggery Farms. All individuals or juridical persons intending to establish, put up, or operate piggery farms in the Municipality of Agoo, La Union, as well as existing farms intending to expand their operations, shall be required to secure the following permits and clearances:

Section 7.2.1. Locational Clearance Requirements. The following documents and standards shall be required prior to the issuance of a Locational Clearance:

1. Duly Accomplished Application Form – Filed with the MPDO or Zoning Administrator.
2. Proof of Ownership or Right to Use the Land – Certified true copy of land title, tax declaration, or duly notarized lease agreement.
3. Barangay Clearance – Issued by the Barangay Council where the project is located.
4. Vicinity Map or Sketch Plan – Showing the proposed piggery site in relation to residential areas, schools, roads, and water sources.
5. Site Development Plan – Indicating the layout of pens, waste management facilities, access roads, and buffer zones in accordance with zoning and environmental standards.
6. Building plans signed and sealed by duly licensed professionals. (1 set)
7. Bill of Materials, Cost Estimates and Specifications signed and sealed by duly licensed professionals.
8. Environmental Compliance Certificate (ECC) or Certificate of Non-Coverage (CNC) – From the Department of Environment and Natural Resources (DENR), as applicable.
9. Sanitary Permit or Endorsement from the Municipal Health Office – Ensuring compliance with sanitation standards.
10. Endorsements from Concerned Agencies – Such as DA, DENR, EMB, or DPWH, if required.
11. Official Receipt of Payment – Proof of payment of locational clearance fees and other applicable charges.
12. Barangay Resolution interposing no objection to the project.

Section 7.2.2. Requirements for Mayor's Permit/Business Permit. The following documents shall be required prior to the issuance of a Mayor's Permit/Business Permit:

a. Backyard and Medium-Scale Piggery Farms

1. Certificate to operate from the Municipal Task Force.
2. Locational Clearance from the Municipal Planning and Development Office.
3. Building Permit from the Municipal Engineer – Certifying compliance with the standards for building construction and septic tank installation.
4. Sanitary Permit – Issued by the Municipal Health Office to ensure compliance with public health and sanitation regulations.

b. Large-Scale Piggery Farms

1. Certificate to operate from the Municipal Task Force.
2. Locational Clearance from the Municipal Planning and Development Office.
3. Building Permit from the Municipal Engineer – Certifying compliance with the standards for building construction and septic tank installation.
4. Sanitary Permit – Issued by the Municipal Health Office.
5. Sangguniang Barangay Resolution – Interposing no objection to the project.
6. Environmental Clearance from the MENRO – For initial environmental assessment.

- c. **Body of Water** – most often refers to large accumulations of water, such as oceans, seas, and lakes, but it includes smaller pools of water such as ponds, wetlands, or more rarely, puddles.
- d. **Built-Up Areas** – Contiguous groups of at least ten (10) structures used for residential, commercial, or institutional purposes.
- e. **Commercial Farms** – shall refer to any parcel of land devoted to the raising or breeding of animals used for commercial purposes. It is generally managed and operated by the owner or a tenant.
- f. **Inspection** – an act by an official inspector to ensure compliance with the rules and regulations including but not limited to quality assurance program, hygiene and sanitation and standard operating procedures and hazard analysis control program.
- g. **Farrowing** – is a term specific to swine that refers to the action of giving birth.
- h. **Fattening** – shall refer to the processes whereby the hogs are fattened up to 200 pounds primarily for slaughter.
- i. **Large Scale Piggery** – either for commercial or personal purposes which shall consist of more than two (2) sows or more than twenty (20) animal heads.
- j. **Major Roads or Highways** – refer to any city, provincial and national roads that link regional/provincial town centers and serving as the main transportation arteries.
- k. **Medium Scale Piggery** – involving with two (2) sows and eleven (11) to twenty (20) heads of hogs.
- l. **Nearest Groundwater** – the nearest water beneath the earth's surface often between saturated soil and rock, that supplies wells and springs.
- m. **Piggery Farm** – shall refer to a parcel of land devoted to the raising or breeding, depasturing, feeding or watering of pigs of swine.
- n. **Rural Areas** – Areas located outside designated urban zones, primarily used for agricultural, forestry, or low-density residential purposes.
- o. **Sow** – refers to a female adult swine or pig.
- p. **Standard Septic Tank** – a watertight, multi-chambered receptacle, constructed within the set standards that receives sewage and partially digested organic matter in sewage.
- q. **Urban Areas** – Areas classified for residential, commercial, industrial, or institutional uses as defined in the Municipality's Comprehensive Land Use Plan (CLUP).

SECTION 6. THE MUNICIPAL TASK FORCE. The Municipal Task Force shall have the authority to oversee the implementation of the provisions of this Ordinance including periodic monitoring thereof and other related activities as maybe provided by rules, regulations and guidelines mandated by national laws. As a requirement for the issuance of business permit, a certificate to operate shall be issued by the Municipal Task Force upon inspection of the piggery.

MUNICIPAL ORDINANCE NO. 21 – 2025

AN ORDINANCE REGULATING THE OPERATION OF PIGGERY FARMS IN THE MUNICIPALITY OF AGOO, LA UNION

Authored by: SBM Steve Lawrence G. Lomboy

WHEREAS, the Local Government Code of 1991 (Republic Act No. 7160) empowers Local Government Units (LGUs) to enact ordinances necessary and proper for the promotion of the general welfare of their inhabitants;

WHEREAS, unregulated operation of piggery farms may cause environmental degradation, water contamination, foul odor, and public health risks to the residents of the Municipality;

WHEREAS, it is the desire of the Municipality of Agoo, La Union, to promote a clean, safe, and healthy environment while supporting the sustainable growth of the livestock and industry through proper regulation;

WHEREAS, the Sangguniang Bayan of Agoo recognizes the need to establish clear standards and procedures to ensure that all piggery operations comply with environmental and health laws;

NOW THEREFORE, on motion of Hon. Steve Lawrence G. Lomboy, duly seconded, BE IT ORDAINED by the Sangguniang Bayan of Agoo, La Union, in session assembled, that:

SECTION 1. TITLE. This Ordinance shall be known as "An Ordinance Regulating the Operation of Piggery Farms in the Municipality of Agoo, La Union."

SECTION 2. PURPOSE. As enshrined in the 1987 Philippine Constitution, it is the declared policy of the State to protect and promote the right to health of the people and to protect and advance the right of the people to a balanced and healthful ecology. In pursuance of these policies, this Ordinance is enacted for the purpose of regulating all piggery farms in the Municipality of Agoo, La Union.

SECTION 3. OBJECTIVES

1. Ensure compliance of all piggery businesses in Agoo, La Union with pertinent laws and regulations.
2. Protect public health and safety and minimize pollution.
3. Assist in the growth of regulated piggery businesses in Agoo, La Union through regulated management and administration.

SECTION 4. SCOPE AND COVERAGE

Section 4.1. This Ordinance shall be enforced within the territorial jurisdiction of the Municipality of Agoo, La Union.

Section 4.2. The provisions of this Ordinance shall apply to all applications to establish, put up and operate piggery farms in the Municipality of Agoo, La Union as well as the expansion of existing piggery farms. Existing piggery farms which are already operating upon the effectivity of this Ordinance shall be enjoined to comply with the provisions of this Ordinance.

Section 4.3. In case of existing piggery farms which ceased to operate for more than one (1) year, the revival thereof shall be considered as a new application to operate piggery farm and shall be covered by the provisions of this Ordinance.

SECTION 5. DEFINITIONS OF TERMS. All terms used in this Ordinance shall be as defined as:

- a. **Animal Wastes** – means a material composed of excreta, with or without bedding materials and/or Animal drugs, ruminants or other animals except human.
- b. **Backyard Piggery** – involving one (1) sow and ten (10) heads or less and allowed rural areas only.
